

# INDUSTRIAL STRENGTH® ICE MELT

**ENHANCED WITH CALCIUM CHLORIDE MELTING POWER**

## Product Advantages

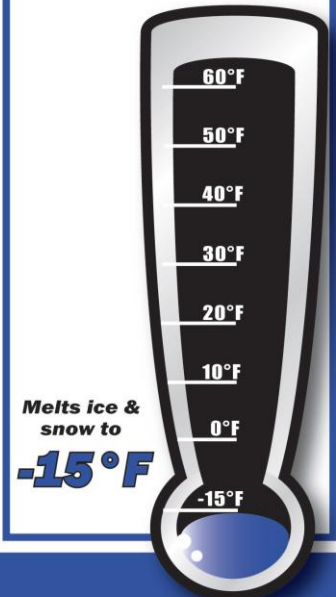

- Contains calcium chloride pellets; the fastest de-icer available
- Begins melting ice and snow immediately upon contact and quickly generates melting heat
- Fewer applications required for excellent results
- Safer on concrete and vegetation than rock salt when used correctly
- Effectively melts ice and snow in temperatures down to -15°F

*Contains: Sodium Chloride, Calcium Chloride Pellet and Magnesium Chloride Pellet*

CAS#                NaCl.....7647-14-5  
                         MgCl2.....7786-30-3  
                         CaCl.....10043-52-4

AVAILABLE SIZES:

**50 lb. bag**

50 bags per Skid. Ask your local Sales Representative about volume buy discounts!
